What Our Clients Say

Cancer Center of Kansas, PA WICHITA, KS

Donella and her staff at MDS are very conscientious about their job performance and very responsive to our needs. They have always been able to assist our in-house staff with keeping current on transcription. They have a very good work product and it is completed in a timely manner. I would highly recommend the transcription services of MDS.

Brad, CFO

North Platte OB/GYN, PC NORTH PLATTE, NE

The physicians are very pleased with the timeliness and quality of service received from MDS of Kansas. On occasion we have needed a transcription immediately, and when called the transcriptionists have been fantastic in completing the transcription and calling us when the transcription is completed. I would not hesitate to recommend MDS of Kansas to anyone needing their services. Thank you for all you do and your outstanding service.

Diane, MBA

Wichita Trauma & Surgical Critical Care Associates, LLC WICHITA, KS

I have been very pleased with the decision to move my billing services to MDS. This type of change can be daunting, and often disastrous. The staff at MDS proved a seamless transition, and have been able to increase my receivables significantly. They diligently work denials, and my A/R is in the best shape it's ever been. I highly recommend MDS for billing services.

Why We Do This

We believe that improved health data management is a major foundational pillar of improved patient care. MDS of Kansas is dedicated to high standards and use of best practices in providing health information documentation solutions to clients as well as preparing medical language specialists for the future healthcare documentation industry.

MDS prides itself on being a pioneer in the industry, offering complete solutions for healthcare documentation and billing services.

We make EHR more productive.
